P2C Athlete Prep

P2C Athlete Prep

We are a Texas Registered 501(c)3 organization with the mission of helping students.

Serving student athletes throughout Texas and nationwide, P2C Athlete Prep's focus is on making an impact. Through academics and athletics, our mission is to inspire and empower the at-risk youth in these areas to go out and create change in their communities. This is done by overcoming the barriers to education and sports for these student athletes and providing them access to programs that will allow them to do just that. Through academic prep, athletic prep, college prep, and health and wellness; P2C Athlete Prep looks to bridge the gap that these at-risk student athletes face and make obtaining a college education a viable option that can then be used to make an impact in the communities that we serve.

01 | Top 10 College Prospects in the Borderland

#1. Aaron Dumas – Senior (RB) Americas High School

As one of the most dynamic running backs in the country at the high school level, Aaron Dumas has positioned himself to be a prized recruit for any program for 2021. We rank Aaron as the #1 college prospect in the Borderland and definitely a power 5 NCAA Division I talent.

High School Coach's Assessment: He is the best running back that I have seen as a coach.

#2. Tavorus Jones – Junior (RB) Burges High School

As one of the most versatile running backs in the country at the high school level, Tavorus is primed to be one of the top recruits in the class of 2022. A do-it-all back from running to receiving, Tavorus without a doubt is one of the top Borderland prospects and comes in at #2 on our list. He too is definitely a power 5 NCAA Division I talent.

High School Coach's Assessment: Tavorus is a great player who we feel will continue to improve over the next two years. Tavorus is a very hard worker who will continue to grow in maturity and we expect huge growth. With his potential and being a dual threat as a RB I feel he can play at the NCAA DI level.

#3. Orion Olivas — Senior (QB) Eastlake High School

As one of the top 10 QBs returning this season in the state of Texas, Orion is primed to put together a Senior season for the ages here in the Borderland. A very gifted athlete (District 5-1A MVP in Football and Basketball) Orion has the skill set to be very special and has positioned himself to be a prized recruit in 2021. We rank Orion as the #1 QB prospect in the Borderland and definitely a NCAA Division I talent.

High School Coach's Assessment: Orion is a very smart QB with a 4.0 GPA. One of the hardest working student athletes in the program, Orion is a leader in the program with a very bright future ahead of him.

01 | Top 10 College Prospects in the Borderland

#4. Dylan Kemp — Senior (DE/MLB) Americas High School

By far, Dylan is the most electrifying and disruptive player in the borderland, the state of Texas, and possibly the country. Dylan holds the title as the reigning “sack master” in the state of Texas with 31 sacks (1 shy of tying for the national lead). A relentless defender with a very high motor, Dylan must be accounted for by opponents when doing their game plans. We feel that in the right situation Dylan could play at the DI level, and rank him as an NCAA DI talent.

High School Coach’s Assessment: A workhorse on the field and the heart of the defense, any coach should want this young man on his team.

#5. Matthew Jones — Senior (WR) Eastlake High School

By far one of the best wide receivers in the state of Texas, Matthew has created a big name for himself. As the state of Texas record holder for the most catches in a game with 25 receptions; Matthew has proven that he has the ball skills to catch anything thrown his way and has positioned himself to be a prized recruit in 2021. We rank Matthew as the #1 receiving prospect out of the Borderland and definitely has the ability to play at an NCAA Division I level if it is the right situation.

High School Coach's Assessment: Matthew has one of the highest football IQ's in the game. His biggest strength is his route running and flexibility to play all receiver positions (both inside and outside). He will be a very good addition to any college program.

Changing Tomorrow Today, through Academics and Athletics

Treating the Need

Students **6th through 12th grades** face a kaleidoscope of challenges as they move toward maturity. How they deal with these challenges can significantly influence critical paths in their lives. Without support systems in place, students are at risk of adopting patterns of behavior that undermine their ability to succeed at school. Even a student who tries very hard to succeed may not have the guidance they need to help them reach their full potential.

Our "**P2C Athlete Prep**" initiative offers a variety of programs designed to tackle the challenges that many students face in today's complex environment. We utilize both local and national resources in our effort to provide students with the tools and guidance they need to become the next generation of national leaders.

#6. Juan Alvarado – Senior (OL) Socorro High School

As one of the most athletic offensive linemen in the Borderland, Juan is a monster on the playing field. As an offensive lineman, with his size and mobility, Juan stands the chance of being one of the top recruits to come out of the Borderland from the class of 2021. We rank Juan as the #1 OL prospect in the Borderland and feel that his game is well suited for college football and he is an NCAA DI level talent.

High School Coach's Assessment: Juan Has great instincts, great footwork and is very athletic. A student of the game, we rely on Juan to make all of the OL calls during the game. Juan is very coachable and is going to be a very special player for some college program.

6'4, 280 lbs

01 | Top 10 College Prospects in the Borderland

#7. Aaron Molina — Senior (QB) Hanks High School

As the #1 ranked dual threat QB, Aaron Molina maybe the most intriguing of the prospects here in the Borderland. A gifted multi-sport athlete (also plays baseball), Aaron's game is built perfectly for a program looking for a mobile QB to run a spread option type offense. We rank Aaron as the #2 QB prospect in the Borderland and feel that his game is well suited for college football and he is an NCAA DI level talent.

High School Coach's Assessment: Aaron is a 3 year starter that is very fast, has great arm play, and is very smart. Aaron is a triple threat player with extreme playmaking capabilities. Very rarely makes a bad decision with the ball in his hands.

01 | Top 10 College Prospects in the Borderland

#8. Blas Compean – Senior (WR/) Eastlake High School

As District 5-1A Co-MVP on one of the top teams in the Borderland, Blas definitely is one of the top prospects in the area. Another of the great multi-sport athletes in the area (1st team All District in Basketball), Blas has the potential to be the steal of the 2021 college prospects out of the Borderland as he plays both sides of the ball (FS on defense) and is very athletic. We rate Blas as the #2 WR in the Borderland and we feel he has the potential to play at the NCAA Division I level (FCS).

High School Coach's Assessment: A two way player, Blas is a very exciting player. When he touches the ball, something exciting is bound to happen. He is a "Swish Army Knife" on the football field who also returns punts and kick-offs.

01 | Top 10 College Prospects in the Borderland

#9. Adrian Parsons – Senior (QB) Bel Air High School

As the second most accurate QB in the Borderland (63% completion rate), Adrian is a very talented athlete. Able to beat you with both his arm and his legs (6.3 yards per carry), Adrian provides a dual threat that keeps defenses on their toes. Coming in as the 3rd best QB in the Borderland, Adrian is primed for a huge year and has the ability to move up our rankings by the end of the season. We feel that in the right situation Adrian could play at the DI level, but we rank him as a very high NCAA DII talent.

High School Coach's Assessment: Adrian's success can be directly contributed to his commitment both on handoff the field to getting better and watching film. Definitely a top tier DII talent and in the right situation could play at the DI level (FCS).

01 | Top 10 College Prospects in the Borderland

#10. John Filley – Senior (MLB) Coronado High School

Primarily used for coverage during their teams defensive schemes, John's optimal position at the college level is probably Safety. A stickler for the ball (4 INTs), and determination are what drive this young man to success. As one of the best coverage linebackers in the borderland, John has a lot of potential at the next level. We feel that that John is a solid NCAA DII level athlete.

High School Coach's Assessment: John is a playmaker on the defensive side with a nose for the ball. He is a solid player who is a little undersized, but will be a solid for any college program.

College Bound Program

Designed to assist student athletes in grades 6 through 12 to maximum all available opportunities by utilize academics and athletes to minimize the cost of attending college.

The Goal

Through our programs, our goal is to support the whole child as he or she struggles to find his or her personal identity, build self-esteem and enjoy a successful academic experience on the path to maturity. In some cases, we target student athletes, who have found self-respect in sports but who need additional support scholastically. In some cases, we offer life-skills to students, such as resume writing and money management. And in others, we help them resist the temptations of risky behavior like drugs, alcohol and gang involvement.

Coaches Assessment / Outlook for 2020:

With 13 starters returning and an influx of players from a very successful JV team, we expect Del Valle to be among the top teams in the Borderland this coming year. In order to be the king you have to beat the king, so they are our pick to win the District title until another team in this district can prove otherwise.

2020 Outlook

Bel Air High School

2020 Outlook:

Top Returning Players:

- Adrian Parsons — QB
- Fernie Castillo — WR/ATH
- Estevan Nieto — OL
- Michael Leyva — LB

Top New Comers:

- Nick Chavarria — RB
- Jayson Smith — WR

Coaches Assessment / Outlook for 2020:

Head Coach, Eric Scogin's team outlook: "2019 Big Red Football saw improvement with a young team and this 2020 season expects to be better with 8 returning starters returning on each side of the ball. Offensively, Bel Air returns arguably one of the top QB's in the State in Adrian Parsons, the school's first 1,000 yard receiver Fernie Castillo and a veteran offensive line led by Estevan Nieto. The defense is led by the region's returning leading tackler Michael Leyva. The defense will be much improved with returning all-district players safety Cesar De la Riva, corner Josh West and defensive end Johnny Montes." **This is our dark horse pick, is this the season where they finally breakthrough? A lot of experienced young players could make Bel Air a team to recon with in the Borderland for years to come.**

Coaches Assessment / Outlook for 2020:

Our assessment is that this Chapin team will continue to struggle, as in years past. Though the roster has a lot of talent that will keep them in many ball games, our feeling is their inexperience at quarterback (in a division that will require them to score a lot of points to win) will keep them from a district crown.

Coaches Assessment / Outlook for 2020:

Head Coach, David Telas' team outlook: "We are expecting some great things this year for El Dorado Football. With some quality talent coming back in key positions and a year of experience for our younger players, we expect to be competing for District, Bi-District and Area championships. Our culture has changed dramatically with discipline, accountability and competitiveness being the key components, a new era of El Dorado Football is coming!!" **Another very talented team who needs to figure out how to win games. This team is capable of blowing up our rankings and winning it all if they can bring it all together on the field.**

Head Coach, Eric Frontz's team outlook: [We] [h]ave to replace a few studs on offensive and defensive lines. [We] [h]ave a good group returning with some experience [and] some youth. Every RB who got carries last year is returning. QB Lewis [is] very athletic and can throw the ball. Defensively[, we have a] solid core of LB returning. [I'm] [e]xpecting great things from this team in 2020." **With several playmakers coming back on the offensive side of the ball, if Parkland can get consistent play at the QB position, they are primed to be one of the best teams in the Borderland this year. With one of the most potent backfields in the Borderland, combined with an influx of talent from an undefeated freshman team. With two 1,000 plus yard rushers returning, it's going to be a pick your poison type of game planning for opposing coaches. Look for a repeat of this effort by both backs and for Austin to run their way right to another district title and right into the playoffs.

Coaches Assessment / Outlook for 2020:

Building upon last years success of making the playoffs, we predict that Bowie will again make the playoffs by wrapping up the fourth playoff seed. Behind the strength of their running game and offensive line, Bowie will look to continue to run the ball down opponents throats. This should make up for the lack of experience at quarterback.

Coaches Assessment / Outlook for 2020:

Coming off a winless season, the El Paso High program has a huge mountain to climb out of the bottom cellar of the district. Though the cupboards are not totally empty and void of talent, there just isn't enough talent to close the gap on the upper echelon of the schools in the Borderland or in the district. Game to watch will be 11 September 2020 against Socorro, could the Tigers be the team that the Bulldogs end their losing streak against?

Coaches Assessment / Outlook for 2020:

There is an old saying in sports that defense will travel. If this defense can stop some teams early and allow the offense time to get its legs underneath them, Franklin has the potential to be the sleeper in this district. There will be heavy reliance on a lot of untested talent, especially at QB.

Coaches Assessment / Outlook for 2020:

Head Coach Julio Lopez's team outlook: "We have a veteran group that comes into the year with a lot of experience and depth on both sides of the ball. [It] [w]ill be a fun district with a lot of talent and quality programs." **Another team that made the leap up to 6A from 5A Eastwood will rely heavily on their 15 returning starters (7 Offensive, 8 Defensively) to make the transition. We don't see them as contenders for a district title this season, Eastwood should still make one of the four playoff births.**

Coaches Assessment / Outlook for 2020:

Returning one of the deepest group of seasoned wide receivers in the Borderland, Montwood definitely has some potential to shake up things and grab one of the four playoff spots available. With an ensuing QB battle to come, the winner will determine the fate of the rams for this upcoming year and any playoff hopes that they might have.

2020 Outlook:

Top Returning Players:

- Angel Gonzalez — OL
- Jalen Partida — ATH
- Chaz Clemons — ATH
- Anthony Donacio — ATH

Top New Comers:

- Kenneth Cooper, Jr. — QB
- Erik Marin — RB/LB

Coaches Assessment / Outlook for 2020:

Head Coach, Mark Torres' team outlook: [We have] [a] lot of experience returning in key areas; offensive and defensive line. Angel Gonzalez, Rene Guevara, Chris Veloz [all] return. [Along with] [r]eturning all district players: Clemons, Partida, Donacio — [they] lead the way in the skill positions and returner positions. [Quarterback], KJ Cooper [has] a big arm, [and should] gain plenty of attention from colleges around the country. Senior leadership, from Daniel Velez, Jalen Partida, and Angel Gonzalez, will be [the] key to the team[s] success. **Talent is no longer the question, is this the year that Pebble Hills takes the next step by making the playoffs and advancing?**

Coaches Assessment / Outlook for 2020:

Head Coach, Robert Anderson team outlook: “[We have a] [y]oung team with quality seniors. This year's team will rely heavily on a very promising JV team filling [the] shoes of depart[ed] seniors. We [intentionally] kept [our] sophomores together on [the] JV [team]. [We will have to rely on] [t]eamwork instead of super star players [to ultimately] determine our success. **If their JV team from last year can make the transition to varsity ball and mesh will with returners, Coronado could blow up our predictions and surprise a lot of people. We expect them to win more than 2 games this year. But will it be enough to make a difference in the district standings?**”

Coaches Assessment / Outlook for 2020:

Head Coach, Anthony Hinsley team outlook: This is my second year with our kids. Their response to what I am trying to instill has been nothing short of amazing. They are bringing attitude and energy for a breakthrough season in 2020. **Like all things, everything eventually comes to an end. However, is this the season that the 47-game losing streak ends for Socorro? We think so, though we don't see the Bulldogs making the playoffs.**
